

OUTSIDE

This diagram illustrates a mechanical ventilation system for a crawlspace. A wooden floor joist is shown at the top, with a metal duct or panel below it. A green arrow points from the 'OUTSIDE' area into the system. Another green arrow points from the system into the 'CRAWLSPACE AREA'. A third green arrow points from the crawlspace area towards the right. A white arrow points from the crawlspace area towards the bottom right. A black cable is connected to the system. The background is a grey wall with a grid pattern.
